

Washington Campus Coalition for the Public Good

2023-24 Membership Application

Washington Campus Coalition for the Public Good is a community of higher education institutions committed to advancing the public purpose of colleges and universities, educating students for the workforce and civic leadership, and working in partnership to cultivate vital and sustainable communities.

Member Information

Presidential Commitment & Membership Expectations

As president/chancellor, I affirm my institution's commitment to:

Providing leadership to promote, support and recognize student engagement across campus

Educating stakeholders of the value and impact student engagement has on communities and student success

Inspiring, endorsing and rewarding faculty efforts to integrate service with academic study

Developing and endorsing policies and structures on campus, state and national levels that support community engagement

Collaborating with other institutions and communities to strengthen impacts

Washington Campus Coalition for the Public Good

2022-23 Membership Information & Dues Schedule

Coalition Goals

Washington Campus Coalition for the Public Good and its Members will:

- Advance the public purpose of higher education by partnering with communities and supporting students to apply their knowledge, skills and passions to address critical issues facing our local and global communities
- Advance the practice of campus-based community service, the pedagogy of service-learning and the strengthening of student leadership
- Promote collaboration and partnerships between colleges, universities and their communities through programs that respond to specific local and regional needs
- Foster the development and dissemination of innovative curriculum, theory, research and best practice of higher education community service-learning programs and recognize exemplary models
- Build public awareness of the value of the relationship between educational institutions and communities
Leverage funding from state, federal, corporate and private sources for statewide programming and subgrant to member campuses
- Build a statewide network of higher education institutions that work collaboratively to address critical issues in Washington and work toward measuring impacts of the collective effort
